Dear Senator Hagan

RE: Senator Reid's Health Care Bill

I am disgusted with the recent news from Washington that within this monstrosity of a bill is a \$100 million dollar Bribe to gain the vote of Senator Landrieu. All Americans will pay this unconscionable bribe.

Senator, you know full well that the finances behind this bill are Unsustainable. The cost / benefit structure is a farce. The health coverage promised will not be delivered.

You now have one of those rare and unique opportunities to rise to the challenge and become one few true American Heroes by standing in the way of this government take over of health insurance.

Seize the moment to do what is Right for All America and to vote to NO tonight.

Sincerely

Eric Edgerton
